

ST. ANNE'S CATHOLIC SECONDARY SCHOOL

May 1, 2026

Dear St. Anne's C.S.S. Families,

We are happy to let you know that our school will be hosting career conversations for students in Grades 9 and 10, with mentors from all industries, careers and backgrounds on Monday June 1st. This initiative connects students with industry experts to explore career pathways and develop essential skills for future success.

The sessions are hosted through the Ontario Career Lab, a program of the non-profit HIEC: Halton Industry Education Council - Career Centre . You can learn more at OntarioCareerLab.ca

We look forward to providing this valuable learning experience for our students.

The Ontario Career Lab is always looking for passionate volunteers to participate as mentors — **parents and guardians are absolutely welcome!**

Your career story can inspire and ignite curiosity in our students. By sharing your experiences, you'll help broaden their perspective on the world of work, connect with fellow community members and play a vital role in shaping the next generation.

If you or someone you know is interested in sharing your career journey and helping inspire the next generation, you can express your interest here:

If you have any questions or would like additional details, please contact us at the school.

Thank you for your continued support!
