Community Involvement Graduation Requirement

Students are required to complete 40 hours of community involvement activities in order to earn an Ontario Secondary School Diploma (OSSD). Students working towards their OSSD should make sure they meet these graduation requirements in time for their graduating year. All current students and students who start Grade 9 in September can collect hours over the summer and throughout the school year.

Track your hours using this [form](#). Forms can be brought to Student Services to be recorded.

The community involvement requirement is designed to provide students with the opportunity to develop awareness and understanding about civic responsibility. Students can actively participate in supporting and strengthening their communities. It also provides the opportunity for students to learn more about themselves and possible career opportunities.
